The Republican Nominating Congressional Convention meets in this city, day after Congress. to-morrow. The 22d Pennsylvania Regiment, two

hundred strong, passed through this city yester-day on their way home from the front. The 17th Indiana battery, Capt. Miner, as brave a corps as ever took the field, is ordered to

the seat of war, and has probably gone. James B. Ryan, of Marion county, we see by our exchanges, is spoken of as the probable Democratic candidate for Congress in the Sixth District.

NEW LAW BOOKS FOR INDIANA -The attention of attorneys, county officers, and business men is called to the book advertisement of Rob ert Clark & Co., of Cincinnati, in another column. The books should be in the library of every lawyer and business man.

Seven thousand men have been raised in thousand of them have already gone off. The last regiment will leave shortly, all recruiting in this regard having been stopped. We understand these facts from headquarters.

One of the finest bands is that of the V R. C., at Camp Burnside. They number thirty, and comprise every instrument. On last Saturday evening, when they excerted the 137th Indiana to the depot, their music was the admiration of every person, ladies as well as others, who heard them on our principal streets.

Miss Morley's concert takes place to night at Masonic Hall. The gifted and beautiful young lady, one of the most accomplished of vocalists, will undoubtedly have a thronged audience. The performance will be a most interesting, pleasing and instructive one. Every cul tivated lady in the city, and every little girl of genius and intelligence should by all means be present.

A REMEDY FOR PILES .- It is a blessing to the suffering to know that we have an effectual cure for this truly troublesome disease. Mr. J. P. pany vs. Commodore P. Williams. At the recent session of the Grand Lodge of Free and Accepted Masons, charters for new Lodges were granted to nineteen. The 137th Indiana, Col. Robinson, left for the seat of war, on Saturday night last -Gov. Morton, Adjutant-Gen. Noble, Col. Frybarger, Col. Terrell, Col. Schlater, Gen. Carrington and Major Balweg, on horse back, accompanied the brave boys as far as the depot. Pressing engagements required the return home of each of the above named military and courageous and patriotic gentlemen, except Colonel Robinson, as speedily as possible. They are not going to war if they understand themselves, and we guess they do.

Mr Bailey, of Clinton county, had an iron rod on his house, and was heavily charged by lightning, tearing the rod into separate pieces, running into the building at the third bar or nut, to a small copper wire, attached to door plate, passing its entire length down the inside, tearing the building to pieces, Mr. Bailey's family barely escaping with their lives; afterwards had the iron rod taken down and Munson copper rods erected in their place, he considering the iron rods very unsafe, and Munson's copper rod a perfect preservation from disaster by lightning.

He has studied exclusively in Germany and is a pupil of Hans Von Bulow, the chief of the modern school of pianism. The debut was a success that must have been peculiarly gratifying to the gentleman, inasmuch as his hon ors were borne off in the presence of nearly all

Republican Township Convention

This convocation assembled at the Mariot County Court House on Saturday last. All the distinguished toads in the puddle of Center Township were present. Many of them stood on their hind legs and made eloquent speeches and powerful motions, all of which resulted in making J. M. W. Langsdale, Chairman, and the illustrious, well-known, popular, indefatigable and accomplished Barton D. Jones, Secretary. By acclamation, Dumont, the present incum-bent, was declared to be the first choice for

"Here I raise my Ebenezer" was then sung with sublime effect, Jones, Langsdale, Porter,

Ketcham, Newcomb and New joining musically and according to the gamut in the chorus. We never heard the gentlemen sing so well before. If we hadn't a red-headed wood pecker in our cage at home home we'd try to buy one of them. They are for sale, and are mighty sweet singers in Israel.

Dr. Thompson swept the thing clean for State Senator. We also understand that he carried Wayne township. He, probably, is the designated man.

Dr. Thompson enlisted as a doctor private in Lieut. Gen. Gov. Morton's one million day service, but Dr. Thompson got, after he had some other young men to go in, some other doctors to examine his back, and they unanimously concluded that he had better stay back.

The same facts might be stated with regard to the astute nominee for Prosecuting Attorney, W. W. Leathers, Esq. He is not only weak in the back, but also in the knees. We saw him march with the men called out to suppress Morgan a year ago, and were glad he didn't get further than the depot. We felt sorry for him then. We knew he could not stand the thing. We believe he wished to go with the brave boys. If he Indiana for the one hundred day service. Six didn't, we won't express our doubt. He, of course, will be elected by the stay at home pat-

Admiral Porter's report of the release of the Mississippi squadron caught by low water above the falls at Alexandria, gives a glowing ac-

count of how it was performed The idea of constructing a dam to set back the water originated with Lieutenant Colonel Bailey, and was of such a novel character that it was ridiculed by all the best engineers. However, at the request of Admiral Porter, Gen. Banks furnished 3,000 men to perform the work. For eight days these men worked up to their necks in water under a burning sun, and at the expira-

tion of that time a portion of their works gave Admiral Porter instantly mounted his horse and rode to the upper vessels and ordered the Eagle to pass the falls if possible, and go through the dam. She succeeded in getting over the falls, and with a full head of steam steered for the opening in the dam. All eyes were strained to Com. Sast watch her. When the water was rushing through furiously, she plunged in and went through and rounded to, safely, amid the cheers of three

thousand soldiers. The others were after much labor and repairing the dam safely brought over in like manner.

The total receipts this week are 655 less than reported for the preceeding week, and less than for the correspond- | weeks, which ing week in 1863, by 452 head. The quality of the cattle on sale was hardly equal to the offerings for several previous weeks; but better than average. More than onehalf of the beeves were from distilleries of this State, nitinois and Canada, and distillery fed cattle are not considered prime breves, however smooth and fat they may be. There were no premium cattle in the market, nor were there any considerable number of very thin and coarse oven and stags. It might naturally be supposed that with the much lighter supply of beef cattle this week, and the scarcity of sheep, prices would have advanced, but it must be borne in mind that there were more in the market last week than could be sold, and that the reported numbers on sale this week do not represent the actual supply, there being in the yards about 200 left over from the week previous. Besides, last week government agents took 200 head, and probably more, while this week they did not purchase a single bullock. Hence, while the supply is 600 head less, there has been sold to butchers

onsumption here about the same number, at the same prices paid by them one week ago. With only about 250 head of fresh cattle received or Tuesday, and but few buyers in the yards, the market closed dull, with a downward tendency. It is said that for next week there will be only about 1,200 Western cattle, added to the 1,000 head held out of this week's market, and that the supply will be less than 3,000 head; but there is just as much reason to suppose that there will be over 4,000 on sale next week, as less. There is, however, good reason to believe that until grass-fed cattle begin to arrive, prices will continue high.

The quality of the offerings this week was better tha we have seen for several weeks, and there was also a better supply. The cows sent to this market bear evidence of ment in our columns of to-day's paper, to take a bottl the high price of feed, and do not reflect credit upon their owners. But at the present high prices of butter, cheese and milk, it is perhaps too much to expect that the fattest | knapsacks, it may save the lives of many of our be and best conditioned cows should be sent to market .-Good mulch cows are in active request, and are sold readily at the following quotations, viz: Extra good cows \$80@85; medium, \$70@75; ordinary, \$55@65; poor to It is the best remedy for Diarrhea and Dysentery. common \$35 a.50, VEAL CALVES

Good yeals are very scarce, and command proportion-

ately higher prices than beef cattle. The offerings are

mostly very common calves, such as no good butcher will

purchase for his customers, hence fancy prices are paid for a strictly prime yeal. The quotations at the close were; Prime veals 10 mile per lb., alive; medium to good 9:39)5c; common 8:885c. Bobs sold at from \$2 to \$4 per head, and calf skins are quoted at 22c per lb. SHEEP AND LAMES. At the close of last week sheep were higher than ever before reported in this market. The receipts have been light, and the demand unprecedentedly heavy. Prime woolced sheep sold as high as 14c per 1b. alive, and sheared brought 12 1 c per lb. On Monday and Tuesday, however, cured nimself and hundress of others, and will tell you of this week, under more liberal arrivals, the market de-

clined about one cent per lb., closing to-day at 1232 13c per lb. for prime unshorn sheep, 11@12c for medium to good do, and 9@1032c for inferior. Sheared sheep were selling at 10@11c for prime, 9@9 c for medium, and 61. 28 ac for poor to comm The arrivals are light, and the market on Tuesday was quite active at a slight advance in prices. The following are the quotations, as given by George W. Derman, 40th | York, has devoted the last thirty years of his practice to Live hogs. Dressed
